

# CALL FOR PAPERS

**ICACEM 2020**  
**Jul 23-24, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACEM 2020 : International Conference on Advanced Chemistry of Energetic Materials and Synthesis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Chemistry of Energetic Materials and Synthesis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Energetic heterocyclic compounds  
Nitramines  
Polynitroarenes  
Nitric esters  
Synthesis  
Technology  
Co-crystals  
Binders

Plasticizers  
Nano-energetic materials  
Plastic bonded explosives  
Propellants  
Industrial explosives  
Testing  
Sensitivity  
Performance
