

# CALL FOR PAPERS

**ICA ECC 2020**  
**Jul 23-24, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICA ECC 2020 : International Conference on Agricultural Engineering and Climate Change is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Engineering and Climate Change. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agriculture and Climate Change  
Abiotic stress  
Agribusiness  
Agricultural engineering  
Agricultural production systems  
Agricultural science  
Agroecology Agroforestry  
Agronomy  
Animal husbandry  
Biotechnology  
Biotic stress  
Crop alteration and biotechnology  
Ecology

Effects of CO<sub>2</sub> on plant growth  
Energy and agriculture  
Environmental impact  
Extensive farming  
Farm Free range  
Genetic engineering  
Increased agricultural uncertainty  
Intensive animal farming  
Intensive crop farming  
Intensive farming  
Livestock Meat industry  
Mechanised agriculture  
New crops for a new climate
