

CALL FOR PAPERS

ICBB 2020
Jul 23-24, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBB 2020 : International Conference on Biomechanics and Bioinformatics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomechanics and Bioinformatics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioinformatics Engineering	Biosensing
Biological Systems and Models	Body's and Cell's Bio-signatures
Bio-molecular and Phylogenetic	Cancer
Databases	Cell Engineering
Biomechanics	Coaching Biomechanics
Biomaterials	Computer Assisted Intervention
Biomedical device characterisation	Systems and Robotics
Biomedical Engineering	Conducting Polymers
Biomedical Imaging	Data Processing Techniques
Biomedical Sensors	Data Visualization
Bio-molecular and Phylogenetic	Drug Discovery Gene Expression
Databases	Analysis
BioNano Interface	Engineering Models in Biomedicine
Bionic Human	Experiments and Modelling
Bio-Ontology and Data Mining	Field and land sports
