

CALL FOR PAPERS

ICBBE 2020
Jul 23-24, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBE 2020 : International Conference on Biosystem and Bioprocess Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biosystem and Bioprocess Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biosystem and bioprocess
engineering

Agricultural engineering and water
management

Prevention and solutions to water
pollution

Animal production technology

Climate change adaptation

Ecological and environmental
engineering

Biochemical engineering

Biotechnology

Bioengineering

Bioprocess engineering

Chemical engineering

Green technology

Biosustainability

Biomolecular, cell and tissue
engineering

Biosystems engineering

Biomaterials

Biopharmaceuticals

Bioproducts

Biosensors and nanobiotechnology

Biorenewable / bioenergy

Food and process engineering

Agrotechnology

Marine technology
