

# CALL FOR PAPERS

**ICDIC 2020**  
**Jul 23-24, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDIC 2020 : International Conference on Analog and Digital Integrated Circuits is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Analog and Digital Integrated Circuits. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Analog Signal Processing	Multimedia Systems and Applications
Biomedical Circuits and Systems	Nanoelectronics and Gigascale
Cellular Neural Networks and Array	Systems
Computing	Neural Systems and Applications
Circuits and Systems for	Nonlinear Circuits and Systems
Communications	Power and Energy Circuits and
Circuits and Systems for Video	Systems
Technology	Sensory Systems
Computer Aided Network Design	Visual Signal Processing and
Digital Signal Processing	Communications
Education in Circuits and Systems	VLSI Systems and Applications
Life Science Systems and	
Applications
