

CALL FOR PAPERS

ICWSUDUCE 2020
Jul 23-24, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWSUDUCE 2020 : International Conference on Water Sensitive Urban Design in Urban and Civil Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Water Sensitive Urban Design in Urban and Civil Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Active Transportation
Architectural and Urban Design
Architecture, Building and Planning
Architecture and Landscape Architecture
Biodiversity: Wildlife Habitat and Linkage
Cities, Green Infrastructure and Health
Contemporary Urban Environment
Contemporary Urban Transformations
Creative City-building Initiatives
Designing Green and Blue Infrastructure to Support Healthy Urban Living
Designing Operative Landscape Structures for the Built Environment
Designing the Future of Urban Living
Ecological Design of Urban Landscapes

Economic Value of Green Infrastructure
Ecosystem Management
Environment and Planning
From Local-specific to Global-regional Interventions
Global Urban Design and Planning
Gray and Green Infrastructure for Increased Urban Resiliency
Green Infrastructure
Green Infrastructure and Community Design
Green Infrastructure and Issues in Managing Urban Stormwater
Green Infrastructure and Low Impact Development
Green Infrastructure and Renewable Energy
Green Infrastructure and Sustainable Drainage Systems
Green Infrastructure and Sustainable Site Design
