

CALL FOR PAPERS

ICCPSAA 2020
Jul 06-07, 2020
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPSAA 2020 : International Conference on Cyber-Physical Systems and Agricultural Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cyber-Physical Systems and Agricultural Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligent cyber-physical systems
for agricultural applications
Cyber-physical systems
Agricultural robotics
Artificial intelligence
Image processing
Plant phenomics

Crop production
Smart monitoring of crop
production
Smart field monitoring
Precision livestock farming
Expert systems for animal
production
