

CALL FOR PAPERS

ICCIE 2020
Jul 16-17, 2020
Stockholm, Sweden

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCIE 2020 : International Conference on Computers and Industrial Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computers and Industrial Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computers and Industrial Engineering
Applied Operations Research
Probabilistic and Statistical Models
Data Mining, Knowledge Discovery and Computational Intelligence
Multi-Criteria Decision Making and Decision Analysis
System Simulation and Forecasting
Information Technology, Web-based Applications
Supply Chain Management & Logistics
E-Business and E-Commerce
Quality, Reliability and Maintenance
Facilities Layout, Warehousing, Material Handling

Human Factors, Industrial Ergonomics and Safety
Production/Manufacturing Systems & Processes; Agile Manufacturing; ERPI/APS
Artificial Intelligence & Expert Systems
Project Development & Management
Healthcare Systems Applications
Design for Manufacturing, Robust Design, Reverse Engineering
Manufacturing Technologies, Group Technology & Cellular Manufacturing
Environmentally Conscious Manufacturing
Industrial Engineering Education and E-Learning
Service Systems including Energy, Transportation, Communication, Utilities and Environmental Control
Internet of Things / Physical Internet
