

# CALL FOR PAPERS

**ICIWT 2020**  
**Jul 16-17, 2020**  
**Stockholm, Sweden**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIWT 2020 : International Conference on Industrial Waste Treatment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial Waste Treatment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial waste treatment  
Hazardous industrial waste treatment  
Industrial waste treatment process engineering  
Environmental industrial wastes  
Volume reduction  
Contaminant concentration reduction  
Neutralization; equalization and proportioning  
Suspended solids removal  
Colloidal solids removal  
Inorganic dissolved solids removal  
Organic solids removal

Treatment and disposal of sludge solids  
Joint treatment with domestic sewage  
Air contaminants removal  
Procedure for industry in attaining zero pollution  
Economics of environmental complexes  
Realistic industrial complexes  
Potential industrial complexes  
Potential municipal-industrial complexes  
Naturally-evolving industrial complexes  
Benefit-related expenditures for industrial waste treatment
