

CALL FOR PAPERS

ICMWC 2020
Jul 16-17, 2020
Stockholm, Sweden

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMWC 2020 : International Conference on Millimeter-Wave Communications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Millimeter-Wave Communications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Channel measurement, modeling, and estimation
Antenna design and antenna measurement
Beamforming and energy efficiency
Commercial hardware design and development
MIMO and massive MIMO (m-MIMO)

Multicell cooperation
Network planning and interference
System performance assessment and optimization
New case uses and applications
