

CALL FOR PAPERS

ICNWETT 2020
Jul 16-17, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNWETT 2020 : International Conference on Novel Wearable E-Textile Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Novel Wearable E-Textile Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Novel Wearable E-Textile
Technologies
Textile Materials
Flexible Electronics
Textile Antennas
Textile Sensors
Transmission Lines
Filters
Metamaterials

Textile Electrodes
Biological Impact (Sar) Of
E-Textiles
Energy Harvesting
Electromagnetic Field Exposure
Electromagnetic Compatibility
Wearable Applications
Reliability
