

CALL FOR PAPERS

ICORDDA 2020
Jul 16-17, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICORDDA 2020 : International Conference on On-Road Driving Data and Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of On-Road Driving Data and Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

On-road driving data
Analysis of naturalistic driving data
Road use statistics

High risk drivers statistics
Driver-behavior modeling using on-road driving data
Choice dynamics in traffic networks
