

# CALL FOR PAPERS

**ICUISMPM 2020**  
**Jul 16-17, 2020**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUISMPM 2020 : International Conference on Urban Infrastructure Systems Management, Planning and Modeling is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Infrastructure Systems Management, Planning and Modeling. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban infrastructure systems  
Sustainability of urban  
infrastructures  
Urban infrastructure and  
metropolitan planning  
Infrastructure systems planning and  
management  
Sustainable urban infrastructure  
Sustainable municipal  
infrastructure  
Urban planning for sustainable  
architecture  
Site and infrastructure systems  
planning  
Urban infrastructure systems  
management  
Managing change in urban  
infrastructure systems

Planning, management, operations  
and maintenance of urban  
infrastructure systems  
Spatial data in urban  
infrastructure management  
Infrastructure systems in urban  
water management  
Alternative scenarios of urban  
water infrastructure systems  
Modeling of complex urban  
infrastructure systems  
New paradigms and perspectives  
Engineering applications  
Future directions  
Technological perspectives  
Future prospects and trends
