

CALL FOR PAPERS

ICASE 2020
Jul 27-28, 2020
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICASE 2020 : International Conference on Agricultural Science and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agricultural Science and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural, Biotechnology, Biological and Biosystems Engineering	Bioprocess Engineering
Agricultural Economics and Management	Bioproduction and Bioproduct Engineering
Animal and Veterinary Sciences	Bioreactor Design, Monitoring, and Control
Animal-cell Biotechnology	Biosensors and Instrumentation
Applied Aspects of Cellular Physiology, Metabolism, and Energetics	Biosystems and Agricultural Engineering
Aquacultural Science and Engineering	Biotechnology and Bioengineering
Biocatalysis and Applied Enzymology	Biothermodynamics
Biochemistry and Molecular Biology	Computational and Systems Biology
Biofilms, Algal Systems, and Bioremediation	Ecological and Environmental Engineering
Biofuels, Biobased Energy, Biomass and Renewable Resource Engineering	Engineering of Biomolecular and Cellular Devices
Bioinformatics and Genomics / Proteomics	Entomology and Plant Pathology
Bioinformatics and Systems Engineering	Environmental Biotechnology
Biomaterials	Environmental Sciences
