

CALL FOR PAPERS

ICCNS 2020
Jul 27-28, 2020
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCNS 2020 : International Conference on Cognitive and Neural Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cognitive and Neural Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Affective Systems	Cognitive Neuroscience of vision
Architectures	Cognitive-Emotional Interactions
Attentional Mechanisms	Control Theory/Methodology
Audition, Speech, and Language	Cortical Models
Axiomatic Models	Developmental/Infant Models
Biological Neural Network Models	Emotion/affect
Biologically Inspired Systems	Enactive approaches
Biologically-Inspired Cognitive Architectures	Event location in the brain
Categorization, Language, and Reward	Evolutionary Neural Networks
Cerebellar Models	Fuzzy or Neuro-Fuzzy Systems
Cognition, Language, and Attention	Global Workspace Theory
Cognition, Planning and Attention	Grounding in neurophysiology
Cognitive Neuroscience	Heterophenomenology
