

CALL FOR PAPERS

ICCPP 2020
Jul 27-28, 2020
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCPP 2020 : International Conference on Crop Production and Processing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Crop Production and Processing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Organic agriculture
Animal conservation and sustainability
Sustainability of crop production, processing and consumption
Agricultural biotechnology
Livestock, dairy farming and small ruminants
Veterinary and feeding system
Poultry farming
Aquaculture and fisheries
Field crops
Land and water management
Technology and sustainable agriculture best practices
Private and public sectors collaboration in agriculture
technology development
Climate change impacts, mitigation and adaptation

Animal conservation and sustainability
Renewable energy sources and sustainable agriculture
