

# CALL FOR PAPERS

**ICVMME 2020**  
**Jul 27-28, 2020**  
**Zurich, Switzerland**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVMME 2020 : International Conference on Visual Mathematics and Mathematics Education is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Visual Mathematics and Mathematics Education. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Visual Mathematics	Improving the Curriculum
Visualization of Mathematics	Mathematics Curriculum Development
Visual Mathematics, Art and Aesthetics	Popularization of Mathematics
Design through Mathematics, Science, and Multicultural Arts	Problem Solving and Modelling
Visual Mathematics in Mathematics Education	Reasoning, Proof and Proving in Mathematics Education
Visual Mathematics and Cyberlearning	School Organization and Classroom Practices
Visual Methods in Mathematics	Teacher Preparation and Ongoing in-Service Work
Methods and Strategies in Visual Mathematics	The Use of Mathematics in The Sciences and Informatics
Mathematics Education	Using Technology in Mathematics Education
Activities and Programs for Students with Special Needs	Visualization in the Teaching and Learning of Mathematics
Evaluation and Assessment in Mathematics Education
