

# CALL FOR PAPERS

**ICLSE 2020**  
**Aug 06-07, 2020**  
**Amsterdam, The Netherlands**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLSE 2020 : International Conference on Liability and Scientific Enquiry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Liability and Scientific Enquiry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Rules of evidence and admissibility  
of scientific evidence in law and  
litigation  
Comparative tort law, e.g. strict  
liability vs. negligence, product  
liability standards  
Application of specific sciences in  
litigation (e.g. epidemiology)  
Risk assessment and public policy  
Legislation and how evidence shapes  
the law-making process  
Environmental law and policy

Ethics and standards in litigation  
support  
Expert witness norms and standards  
Administrative proceedings  
Scientific issues in international  
trade and trade policy
