

CALL FOR PAPERS

ICWRT 2020
Aug 17-18, 2020
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWRT 2020 : International Conference on Water Reclamation and Treatment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Water Reclamation and Treatment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental engineering
Water supply and treatment
Wastewater treatment
Wastewater treatment technologies
Water reclamation
Water cycle
Phase separation
Sedimentation, filtration and oxidation
Wastewater treatment plants
Tertiary treatment
Industrial wastewater treatment plants
Agricultural wastewater treatment plants
Wastewater management systems

Industrial wastewater
Leachate treatment plants
Solid waste management
Environmental impact assessment and mitigation
Air pollution management
Environmental protection agency
Protecting the environment by reducing waste and pollution
Improving environmental conditions
Technologies and processes that control pollution
Prevent, control and remediate environmental hazards
Waste treatment
Site remediation
Pollution control technology
