

# CALL FOR PAPERS

**ICCSPE 2020**  
**Aug 21-22, 2020**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSPE 2020 : International Conference on Chemical Science, Process and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemical Science, Process and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biochemical Engineering  
Biodiversity conservation  
Bio-drug discovery  
Bioenergy  
Biophysical Chemistry  
Bioreactors and Bioprocesses  
Biorefinery  
Bioseparation technologies  
Capture, Storage and Use of CO<sub>2</sub>  
Catalysts Synthesis and  
Characterization  
Catalytic and Multiphase Reactors  
Catalytic Processes  
Chemical engineering and process

Chemical Nanoscience and  
Nanotechnology  
Chemical Reaction Engineering  
Chemistry and Chemical Process  
Chemistry and the Environment  
Chemistry, Chemical Process and  
Engineering  
Clean Energy from Fossil Resources  
Coatings and Surface Treatments  
Computational modeling and  
chemometrics  
Crystallization  
Distillation, absorption and  
extraction  
Electro-, Photo- and Sono-Chemical  
Reactors  
Electrochemistry and applications  
Emission Control
