

CALL FOR PAPERS

ICFPEA 2020
Aug 21-22, 2020
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFPEA 2020 : International Conference on Fire Protection Engineering and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fire Protection Engineering and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fire protection engineering
Fire safety engineering
Fire protection analysis and management
Fire dynamics
Active and passive systems
Fire detection and fire alarm systems
Active fire protection and fire suppression systems
Passive fire protection, fire and smoke barriers

Smoke control and management
Escape facilities
Building design, layout, and space planning
Fire prevention programs
Fire dynamics and fire modeling
Human behavior during fire events
Risk analysis and economic factors
Wildfire management
