

CALL FOR PAPERS

ICLFIT 2020
Aug 21-22, 2020
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLFIT 2020 : International Conference on Low-Flow Irrigation Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Low-Flow Irrigation Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Low-flow irrigation
Micro irrigation systems
System components
Hydraulic design of trickle
irrigation systems
Low-flow irrigation technology
Emission devices
Microtubing
Fixed flow drip emitters

Adjustable drip emitters
Micro-sprinklers
Ecological restoration and
phytoremediation projects
Water conservation and regulations
Monitoring soil water
Low-flow irrigation management
Sustainable micro irrigation
management
Drip irrigation for agriculture
