

# CALL FOR PAPERS

**ICMDDSDT 2020**  
**Aug 21-22, 2020**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMDDSDT 2020 : International Conference on Mucosal Drug Delivery Systems and Diffusion Theory is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Mucosal Drug Delivery Systems and Diffusion Theory. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mucosal drug delivery systems  
Mucosal drug delivery  
Bioadhesion and mucoadhesion  
Mechanisms of mucoadhesion  
Mucoadhesion theories  
Electrostatic theory  
Wetting theory  
Diffusion theory  
Adsorption theory  
Fracture theory  
Mechanical theory  
Mucoadhesive materials  
Hydrophilicity

Molecular weight  
Cross-linking and swelling  
Spatial conformation  
Drug/excipient concentration  
Concentration of active polymer  
Oral mucoadhesive drug delivery systems  
Nasal mucoadhesive drug delivery systems  
Ocular mucoadhesive drug delivery systems  
Wetting theory of mucoadhesion  
Vaginal mucoadhesive drug delivery systems  
Rectal mucoadhesive drug delivery systems  
Cervical and vulval drug delivery systems  
Gastrointestinal mucoadhesive drug delivery systems
