

CALL FOR PAPERS

ICABE 2020
Aug 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICABE 2020 : International Conference on Applications of Broadcast Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Applications of Broadcast Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Broadcast engineering	Outside broadcast
Broadcast engineering and applications	Remote broadcast
Advances in broadcast engineering	Conventional broadcast
Broadcast engineering and information technology	Audio/video instrumentation measurement
Broadcast engineering and communication studies	Broadcast studio acoustics
Broadcast design	Television studios and audio mixer
Broadcast integration	Broadcast it and disk storage
Broadcast systems	Video compression
Broadcast IT systems	Digital server playout technologies
Broadcast network systems	Computer networking
Broadcast maintenance	Operating systems
Video broadcast	RF satellite uplinking
TV studio broadcast	RF communications satellite downlinking
