

CALL FOR PAPERS

ICDNPM 2020
Aug 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDNPM 2020 : International Conference on Dialysis Nursing Practice and Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Dialysis Nursing Practice and Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Dialysis nursing
Principles of dialysis nursing
Patient and carer involvement in dialysis nursing care
Quality improvement in dialysis nursing
Renal care in infancy, childhood and early adulthood
Psychological perspectives on dialysis nursing care
Nondialytic options and the role of palliative care
Renal disease process

Renal nutrition
Acute kidney injury
Chronic kidney disease
Investigations in kidney disease
Haemodialysis
Peritoneal dialysis
Renal transplantation
