

CALL FOR PAPERS

ICLFTA 2020
Aug 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLFTA 2020 : International Conference on Light Fidelity Technology and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Light Fidelity Technology and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Light fidelity (Li-Fi)

Light fidelity technologies and systems

Construction and elements of light fidelity systems

Comparison between li-fi and wi-fi

Li-fi sources

Optical wireless communication

Advantages and disadvantages of light fidelity

Applications of light fidelity

Recent advances in light fidelity

Bulb

RF power amplifier circuit (PA)

Printed circuit board (PCB)

Enclosure
