

CALL FOR PAPERS

ICMWPPE 2020
Aug 20-21, 2020
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMWPPE 2020 : International Conference on Medical Waste Management and Personal Protective Equipment is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Medical Waste Management and Personal Protective Equipment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Medical waste management
Medical waste risks and impact on health and the environment
Persons potentially exposed
Risks associated with hazardous medical waste
Risks of trauma and infection
Survival of micro-organisms in the environment
