

# CALL FOR PAPERS

**ICPEPMH 2020**  
**Aug 20-21, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPEPMH 2020 : International Conference on Paediatric Exercise Physiology, Medicine and Health is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Paediatric Exercise Physiology, Medicine and Health. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Paediatric exercise science  
Paediatric exercise physiology  
Paediatric exercise and health  
Paediatric sport learning, teaching  
and assessment  
Paediatric sports injuries  
Growth and maturation  
Performance and body size  
Muscle strength  
Exercise metabolism  
Maximal intensity exercise  
Pulmonary function

Cardiovascular function  
Aerobic fitness  
Oxygen uptake kinetics  
Responses to training  
Exercise and environmental  
conditions  
Perceived exertion  
The young athlete  
Physical activity and health  
Paediatric sport  
Paediatric sport, exercise and  
medicine
