

# CALL FOR PAPERS

**ICUFDLUD 2020**  
**Aug 20-21, 2020**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUFDLUD 2020 : International Conference on Urban Freight Distribution, Land Use and Facility Design is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Freight Distribution, Land Use and Facility Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban freight distribution  
Components of urban freight distribution  
Seaports and airports  
Warehouses and distribution centers  
Railways, railyards and roads

Policy and planning  
Strategies for urban freight distribution  
Infrastructure  
Land use and facility design  
Energy consumption and environmental impact
