

CALL FOR PAPERS

ICIEE 2020
Aug 04-05, 2020
Montreal, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIEE 2020 : International Conference on Information and Electronics Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information and Electronics Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics and Communications Engineering
QoS Provisioning and Architectures
Telecommunication Services and Applications
Wireless Networking
Optical Communications
Multimedia Communications
Network Performance
Innovative Networking Technologies
Network Security
Network Planning and Design
Software Technology in communication Engineering
Microwave Engineering

Antennas - Design, Modeling and Measurement
Microwave Circuits - Systems and Applications
Computational Electromagnetics
Radio Propagations
Integrated Optics
Applied Electronics
Embedded Systems
Reconfigurable Computing
VLSI Design
Biomedical Electronics
Industrial Electronics and Automations
Robotics
