**Aug 27-28, 2020**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMGMBMB 2020 : International Conference on Marine Genomics, Molecular Biology and Marine Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Marine Genomics, Molecular Biology and Marine Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Marine genomics  
Marine biotechnology  
Marine biodiversity  
Marine genetics  
Marine developmental genomics  
Marine genomics, molecular biology  
and biotechnology

Marine population genomics and  
ecology  
Marine evolutionary and  
developmental genomics  
Marine comparative genomics  
Marine metagenomics  
Marine environmental genomics  
Marine systems biology
