

# CALL FOR PAPERS

**ICNS 2020**  
**Aug 27-28, 2020**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNS 2020 : International Conference on Neuroscience in Sports is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuroscience in Sports. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sports neuroscience  
Current issues in sports neuroscience  
Sports neurotrauma  
Traumatic brain injury  
Sports-related concussion  
Sports neuropsychology: assessment and management  
Treatment and management of neurological injuries in sport  
Diagnosis, pathophysiology, and management of the consequences of traumatic brain injury  
Sports neuroepidemiology

Sports neuroethics  
Sports neurogenetics  
Sports neuroimaging  
Sports neuromuscular diseases  
Sports neuro-ophthalmology and neuro-otology  
Sports neuropathology  
Sports neuroradiology  
Sports neuro-rehabilitation and restorative neurology
