

# CALL FOR PAPERS

**ICCTC 2020**  
**Aug 27-28, 2020**  
**Sydney, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCTC 2020 : International Conference on Chiropractic Therapy and Care is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chiropractic Therapy and Care. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chiropractic medicine  
Chiropractors and chiropractic treatment: Benefits and risks  
Diagnosis and treatment of mechanical disorders of the musculoskeletal system  
Structural organization of the human body  
Benefits and risks of chiropractic care  
Chiropractic adjustment  
Biomechanical and structural derangement of the spine  
Spinal manipulation and treatment of surrounding structures

Exercise and chiropractic therapy  
Patient care  
Back pain treatment  
Laboratory analysis and X-ray examination  
Nerve, back and neck pain  
Carpal tunnel syndrome  
Sacroiliac joint pain
