

CALL FOR PAPERS

ICRAVCC 2020
Aug 27-28, 2020
Sydney, Australia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRAVCC 2020 : International Conference on Recent Advances in Vehicular Cloud Computing is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Recent Advances in Vehicular Cloud Computing. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vehicular cloud computing
Vehicular cloud networks
Vehicular cloud architectures and models
Cloud computing and mobile cloud computing

Vehicular cloud computing
Applications of vehicular cloud computing
Security and privacy in vehicular cloud computing
Distributed processing in vehicular cloud networks
