

CALL FOR PAPERS

ICETL 2020
Aug 06-07, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICETL 2020 : International Conference on Educational Technologies and Learning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Educational Technologies and Learning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Educational technologies
Recent advances in educational technologies
Educational technologies and advanced systems
Learning management systems
Synchronous and asynchronous educational tools
Web 2.0 in distance education
Virtual classroom
Educational software quality

HCI in educational technologies
Social media and social networking
The semantic web 3.0
Podcasting for broadcasting video lectures
Podcasting feedback to students
Wiki and blogs in higher education
Mobile, virtual and vicarious learning
Simulations and modeling
