

CALL FOR PAPERS

ICMCCCTC 2020
Aug 06-07, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMCCCTC 2020 : International Conference on Metastatic Colorectal Cancer and Circulating Tumor Cells is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Metastatic Colorectal Cancer and Circulating Tumor Cells. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Metastatic colorectal cancer
Immunotherapy
Targeted therapy
Biomarkers
Angiogenesis
EGFR pathways

Circulating tumor cells
Tumor heterogeneity
Liquid biopsy
Clinical trials
Molecular pathology
