

CALL FOR PAPERS

ICMMWDP 2020
Aug 06-07, 2020
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMWDP 2020 : International Conference on Wood Microbiology, Wood Deterioration and Protection is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wood Microbiology, Wood Deterioration and Protection. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wood microbiology
Forest mycology and plant pathology
Structural, chemical and moisture features of wood
Wood deterioration and decay
Wood deterioration agents
Natural decay resistance

Colonization and microbial interactions in wood decay
Wood deterioration, protection and maintenance
Chemical changes in wood
Biodeterioration of stored wood
Chemical protection of wood
