

CALL FOR PAPERS

ICAAMPHL 2020
Sep 17-18, 2020
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAAMPHL 2020 : International Conference on Advances in Agriculture Mechanization and Post Harvest Losses is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Agriculture Mechanization and Post Harvest Losses. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Machine design
Performance efficiency of
agricultural equipment
Precision agriculture technologies
Sensing and control systems for
agricultural machines
Soil and water management
Irrigation and drainage

Post harvesting technologies
Variable rate applicators
GPS and GIS involvement in
agriculture
Management of spatial and temporal
variability
Sensors for agriculture
