

CALL FOR PAPERS

ICMCEAA 2020
Sep 24-25, 2020
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMCEAA 2020 : International Conference on Medicinal Chemistry in Europe and Anticancer Agents is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Medicinal Chemistry in Europe and Anticancer Agents. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Medicinal chemistry in Europe
Drug discovery
Biologically active compounds
Anticancer agents
Antimicrobial agents

Analgesic and anti-inflammatory
agents
CNS pathologies
Rare diseases
Cardiovascular diseases
