

CALL FOR PAPERS

ICANST 2020
Sep 17-18, 2020
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICANST 2020 : International Conference on Automotive Navigation Systems and Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Automotive Navigation Systems and Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Automotive navigation systems
Car navigation and vehicle systems
Modern car navigation systems and their features

Autonomous vehicle navigation and mapping system
Navigation and control of automated guided vehicle
