

CALL FOR PAPERS

ICPMH 2020
Sep 17-18, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPMH 2020 : International Conference on Phytohormones and Metabolism of Hormones is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Phytohormones and Metabolism of Hormones. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Phytohormones
Auxins
Cytokinins
Gibberellins
Abscisic acid
Ethylene
Jasmonates
Salicylic acid

Brassinosteroids
Hormonal signaling
Metabolism of hormones
Hormonal target genes
Hormonal control of plant growth
and development
Resistance
Productivity
