

# CALL FOR PAPERS

**ICSBREOBPO 2020**  
**Sep 17-18, 2020**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSBREOBPO 2020 : International Conference on Sustainable Building Retrofit, Energy Optimization and Building Performance Optimization is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Building Retrofit, Energy Optimization and Building Performance Optimization. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Building retrofit  
Energy refurbishment  
Energy optimization  
Sustainability  
Energy efficiency  
Building energy performance

Building performance simulation  
Building performance optimization  
Building envelope  
Energy systems  
Optimization methodologies
