

# CALL FOR PAPERS

**ICCBEL 2020**  
**Sep 10-11, 2020**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCBEL 2020 : International Conference on Competency-Based Education and Learning is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Competency-Based Education and Learning. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Competency-based education and learning  
Online competency-based education  
Principles for developing competency-based education programs  
Learner-centric, outcomes-based and differentiated education  
Realization and implementation of competency-based education and teaching  
Requirements for the successful implementation of competency-based education and teaching

Planning and development of competency-based education and teaching  
Curriculum development for competency-based education and teaching  
Competency-based education for social studies  
Competency-based education for natural sciences  
Competency-based education for engineering
