

CALL FOR PAPERS

ICWEDSESD 2020
Sep 10-11, 2020
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWEDSESD 2020 : International Conference on Wearable Electronic Devices and Stretchable Energy Storage Device is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wearable Electronic Devices and Stretchable Energy Storage Device. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Stretchable electronics
Stretchable optoelectronics
Stretchable energy storage device
Bio-integrated electronic system

Wireless communication
Human-machine interface
Transparent electronics
