

CALL FOR PAPERS

ICCSSNIT 2020
Sep 21-22, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCSSNIT 2020 : International Conference on Computer Science, Software, Networking and Information Technology is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Science, Software, Networking and Information Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer Networks
Data Communications
Data Encryption
Data Mining
Database Systems
Programming Languages
Software Engineering
Computer Animation
Artificial intelligence
Distributed and Parallel
Processing
Operating Systems
Internet and Web Applications
Mobile Computing

Security and Cryptography
Pattern Recognition
Neural Networks
Architectural interaction
Big data infrastructure
Cloud computing
Data center networking
Nanoelectronics and
microelectronics
Project Management Software
Scheduling and Estimating
Software Metrics
Project Planning, Monitoring and
Control
