

CALL FOR PAPERS

ICEUR 2020
Sep 21-22, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEUR 2020 : International Conference on Eco-Urbanism and Resilience is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Eco-Urbanism and Resilience. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

The evolution and future of
eco-urbanism
Social, economic, environmental and
institutional dimensions of
eco-urbanism
Eco-urbanism and urban resilience
Eco-urbanism and Sustainable
Development Goals
Eco-urbanism and social and
environmental justice
Eco-urbanism and climate change
mitigation and adaptation

Urban green infrastructure
Practical examples and best
practice insights
IoT- and AI- enabled smart
eco-urbanism
Key performance indicators and
assessment methods
Opportunities and challenges for
promoting eco-urbanism
Social, institutional and
technological transformations
needed for promoting smart
eco-urbanism
