

# CALL FOR PAPERS

**ICLP 2020**  
**Sep 21-22, 2020**  
**Toronto, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLP 2020 : International Conference on Laser Physics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Laser Physics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Physics of Lasers  
Fiber Optics and Fiber Lasers  
Optics and Lasers in Engineering  
Quantum Optics and Quantum  
Information Science  
Ultrafast Optics and Strong-Field  
Physics  
Nonlinear Optics  
Physics of Cold Trapped Atoms

Laser Methods in Chemistry,  
Biology, Medicine and Ecology  
Laser Spectroscopy  
Novel Laser Materials and Lasers  
Optics of Nanomaterials  
Interaction of laser radiation with  
matter  
Laser Interaction with Solids  
Photonics
