

CALL FOR PAPERS

ICMMBC 2020
Sep 21-22, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMMBC 2020 : International Conference on Magnetic Materials in Bioanalytical Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Magnetic Materials in Bioanalytical Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioanalysis
Biological fluids
Biomacromolecule
Biomarker
Biomolecule

Drug metabolism
Magnetic microparticles
Magnetic nanoparticles
Magnetic solid-phase extraction
