

CALL FOR PAPERS

ICPLM 2020
Sep 21-22, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPLM 2020 : International Conference on Product Lifecycle Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Product Lifecycle Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Product lifecycle management (PLM)

PLM for sustainability,

traceability and performance

PLM and influence of/from social networks

PLM infrastructure and

implementation processes

PLM maturity and improvement concepts
