

CALL FOR PAPERS

ICUETSCDUD 2020
Sep 21-22, 2020
Toronto, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICUETSCDUD 2020 : International Conference on Urban Energy Transition in Sustainable City Development and Urban Data is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Urban Energy Transition in Sustainable City Development and Urban Data. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Urban energy transition in sustainable city development
Urban data and urban modeling
Urban energy systems and renewable energy systems
New energy and transport concepts
Air quality and urban microclimate
Network infrastructure

Demand response and storage
Smart grids
Citizen involvement
Multi-modal transport
Sharing economy
